About the conference

The NPA Psychopharmacology Update is one of the nation’s largest conferences in the field, providing comprehensive state-of-the-art information on the psychopharmacological treatment of psychiatric disorders most commonly encountered in clinical practice. The four-day conference attracts more than 1,500 mental health clinicians from across the United States, Canada and abroad, as well as a wide range of exhibitors showcasing leading products and services. The conference is presented by the Nevada Psychiatric Association, an official district branch of the American Psychiatric Association.

Who should attend

Join your colleagues at the 28th Annual National Psychopharmacology Update:
- Psychiatrists
- Primary Care Physicians
- Physician Assistants
- Nurse Practitioners
- Psychiatric Nurses
- Psychologists
- Therapists

Other healthcare professionals who treat patients with mental health disorders should contact their local licensing and certification boards to determine if the conference meets their continuing education requirements.
